Sir:

AMENDMENT AFTER FINAL ACTION

In response to the Office Action dated July 2, 2001, please amend the above-captioned patent application as follows:

IN THE CLAIMS

12. (Twice Amended) An interchangeable panel display kit usable to make an interchangeable panel modular display system, which display system includes a frame including a base and at least one wall section positionable in an upright position when the base is placed horizontally on a surface, which wall section has grooves for slidably receiving a wall panel therein and an opening for inserting a wall panel into the grooves and for removing the wall panel from the grooves, and at least one wall panel slidably insertable into the grooves of the wall section, the wall panel comprising a support and a decorative surface disposed on at least one side of the support, which decorative surface has a design thereon that corresponds to a miniature environment that the interchangeable display system simulates, wherein the kit comprises:
